

Dear Parent/Guardian,

Your child's school is working with sustainable transport charity Sustrans, to help reduce traffic congestion and air pollution around the school gate by encouraging journeys to and from school to be made on foot, by scooter or by bicycle.

Thank you for your support during the Active Travel Winter Challenge – Leg it to Lapland!

Every day your child travels actively to school during the challenge week they will earn 'one virtual mile' towards Lapland. Unless the journey is longer than a mile in which case every mile counts!

Completing 30 mins of other exercise i.e. dancing, scoring goals at football practice or learning some new moves at Taekwondo practice will also earn you a virtual mile! Completing other active journeys e.g. walking to football practice will also earn you a virtual mile!

The school who get the highest number of average miles per pupil will be the winner!

A prize will be available for one individual per class who has gone the extra mile, quite literally, during the Leg it to Lapland challenge week. These prize winners will be chosen by each class teacher.

Good luck!
